Polyacrylonitrile Single-Walled Carbon Nanotube Composite Fibers

By Thaliyil V. Sreekumar, Tao Liu, Byung G. Min, Huina Go, Satish Kumar,* Robert H. Hauge, and Richard E. Smalley

Advanced Materials **2004**, *16*, 58–61.

In Figure 1b (storage modulus versus temperature), the storage plots have been labeled incorrectly. The plot marked as PAN/SWNT (90:10) should read PAN/SWNT (95:5), and the plot marked PAN/SWNT (95:5) should read PAN/SWNT (90:10). The authors apologise for any misunderstanding this may have caused.
